

Instructions for Mail-in Sharpening Service

Thank you for trusting me with your knife sharpening! You can count on our craftsmanship where each knife is individually hand sharpened and quickly returned in just 1 or 2 days. Here's how to order:

- Complete the Order Form on the next page. If you need help or are unsure about a particular knife you want sharpened, just contact us and we'd be glad to help. Insuring your knives is optional so please indicate if you desire return shipping insurance.
- Select payment method. If paying by check or money order, please include in shipment. If you prefer to pay with credit/debit card or PayPal, we will email an invoice upon receipt of your knives. **Be sure to include your email address and double check for accuracy!**
- Sign the order form acknowledging that you are at least 18 years of age and are assuming all liability. Your knives will be returned razor sharp so be careful!
- Gather and wrap your knives individually in newspaper or bubble wrap. The easiest way is to wrap them diagonally, fold the ends over and tape. Pack the wrapped knives along with extra newspaper so that the knives do not rattle around in the box. Enclose the order form and payment, and securely tape box closed.
- Attach mailing label below and send package! We will contact you by email as soon as we receive your package so you can track the status of your order.
